

- 1) **Introduction:** This process will lead you step by step through the Phase 1 – Grid Anchoring Process - that the angels have laid out for us. By participating in this process today you will be working with the angels to create and anchor the World Angel Grid. Simply follow along with this outline. And please know that you cannot do this process incorrectly – so don't worry about making a mistake – and know the angels will with you and through you to create and anchor the Grid. This process takes approximately 45 minutes.
- 2) **Setting human intent:** Every person has gifts of love that come naturally to them. They love to give these gifts of love to others and they love to receive them from others. Just think for a moment, what are the things that just come naturally to you? They might be acts of thoughtfulness, caring, kindness, support, healing, wisdom, friendship, or generosity. These are often the things you are best know for by others. Just take a moment and think about which ones come naturally to you.
- 3) **Angelic Heartlinks:** Let us begin to build the angelic energy by extending an angelic heartlink to Angel Ariel, all of the healing angels of the energy field, your own personal angels, and connect to the very highest vibration of divinity you can connect with at this time. Let us ask in prayer that the angels will work with us and through us, as they guide us, direct us, surround us, and protect us. Let us also ask that this energy be for our, and the world's, highest good and highest healing.
 - a) **Anchor the World Angel Grid to the Earth:** To do this we are going to use heartbeams empowered by the IET energy rays using the IET symbols today to help the angels anchor the grid into the Earth. As Master-Instructors we can do this simply by doing the special Master-Instructor Only I-Chi process that you learned in your IET Master-Instructor class.
- 4) **Weave the Grid:** You and all the IET Master-Instructors around the world have just set our World Angel Grid anchor points via these heartbeams. We are now going to work with the angels to weave a grid of angelic energy between all of the heartbeams we have just created worldwide. The grid will be woven with an angelic fabric that contains 9 different angelic vibrations. One vibration for each of the 9 Healing Angels of The Energy Field. To do this we will use our special prayers of invitation and invite each of the Healing Angels one at a time (starting with Angel Ariel and Finishing with Angel Michael) to enter our heartbeams and bring us their special energy and healing gift. Then we will send special human heartlinks from our heartbeam to all of the other heartbeams worldwide. Then the angels will use our special human heartlinks to weaving a fabric of angelic love and finishing this phase of the World Angel Grid. I mentioned that we will use something called a **special human heartlink**. I would like to describe this to you. At the 2005 IET Master-Instructor retreat we introduced the concept of special human heartlinks in our Sacred Relationships process. These heartlinks start like a regular human heartlink but then we add to it a heartlink symbol (the one that looks like the way a child would draw lightening). To make this special human heartlink just send the heartlink out, bring it back a little – tracing the zig zag, and then send it the rest of the way.

- a) Let us begin weaving the World Angel Grid with **Angel Ariel**:
- i) Send an angelic heartlink from your heart to Angel Ariel's heart.
 - ii) As Angel Ariel enters our heartbeam she brings with her the healing gift that helps us overcome our limitations. Ariel also helps us to live our Soul's Mission by helping us bring the energy of our Soul Star (the potential for our Soul's Mission) into the earth plane where it will manifest. She wants our dreams to come true and have us live the experience of heaven on earth.
 - iii) As Angel Ariel's energy intensifies in our heartbeam (and the heartbeams being created simultaneously around the world) send special human heartlinks to all of the other heartbeams worldwide. You can envision this like spokes from a wooden wagon wheel radiating out from the center.
 - iv) Now, open your heart and let in the thousand of special human heartlinks that are being beamed to you from Master-Instructors around the world.
 - v) Now feel the power as angel Ariel's energy moves over the special human heartlinks as she weaves her energy into the fabric of the World Angel Grid that helps people overcome their limitations and live their soul's mission.
 - vi) We have just anchored Angel Ariel's energy and healing gift into the fabric of the World Angel Grid.
- b) **Raphael**:
- i) Send an angelic heartlink from your heart to Angel Raphael's heart.
 - ii) As Angel Raphael enters our heartbeam he brings with him the healing gift that clears the illusion of separation from the Divine. Raphael's energy is especially powerful in clearing the energy of guilt and our perception of sin as he helps us see our true innocence.
 - iii) As Angel Raphael's energy intensifies in our heartbeam (and the heartbeams being created simultaneously around the world) send special human heartlinks to all of the other heartbeams worldwide. Again, you can envision this like spokes from a wooden wagon wheel radiating out from the center.
 - iv) Now, open your heart and let in the thousand of special human heartlinks that are being beamed to you from Master-Instructors around the world.
 - v) Now feel the power as angel Raphael's energy moves over the special human heartlinks as he weaves her energy into the fabric of the World Angel Grid that helps people overcome their illusion of separation and connect with their innocence.
 - vi) We have just anchored Angel Raphael's energy and healing gift into the fabric of the World Angel Grid.
- c) **Gabriel**:
- i) Send an angelic heartlink from your heart to Angel Gabriel's heart.

- ii) As Angel Gabriel enters our heartbeat he brings with him the healing gift that helps us to overcome our human uncertainty and to know clearly the direction that the Divine wishes for us to travel in our life.
 - iii) As Angel Gabriel's energy intensifies in our heartbeat (and the heartbeams being created simultaneously around the world) send special human heartlinks to all of the other heartbeams worldwide.
 - iv) Now, open your heart and let in the thousand of special human heartlinks that are being beamed to you from Master-Instructors around the world. [Pause]
 - v) Now feel the power as angel Gabriel's energy moves over the special human heartlinks as he weaves her energy into the fabric of the World Angel Grid that helps people overcome uncertainty and distrust as they live their life with divine direction.
 - vi) We have just anchored Angel Gabriel's energy and healing gift into the fabric of the World Angel Grid.
- d) **Celestina:**
- i) Next, send an angelic heartlink from your heart to Angel Celestina's heart.
 - ii) As Angel Celestina enters our heartbeat she brings with her the healing gift that helps us to clear our own natural reaction to hold back, restrict, or even swallow our self-expression.
 - iii) As Angel Celestina's energy intensifies in our heartbeat (and the heartbeams being created simultaneously around the world) send special human heartlinks to all of the other heartbeams worldwide.
 - iv) Now, open your heart and let in the thousand of special human heartlinks that are being beamed to you from Master-Instructors around the world.
 - v) Now feel the power as angel Celestina's energy moves over the special human heartlinks as she weaves her energy into the fabric of the World Angel Grid that helps people stop swallowing their creative self expression and bring the gifts of their creative expression into the world.
 - vi) We have just anchored Angel Celestina's energy and healing gift into the fabric of the World Angel Grid.
- e) **Faith:**
- i) Next, send an angelic heartlink from your heart to Angel Faith's heart.
 - ii) As Angel Faith enters our heartbeat she brings with her the healing gift that helps us to discover that there is a Divinity bigger than ourselves who loves us and truly knows what is going on in our life. She also helps us to develop faith in ourselves.

- iii) As Angel Faith's energy intensifies in our heartbeat (and the heartbeams being created simultaneously around the world) send special human heartlinks to all of the other heartbeams worldwide.
- iv) Now, open your heart and let in the thousand of special human heartlinks that are being beamed to you from Master-Instructors around the world.
- v) Now feel the power as angel Faith's energy moves over the special human heartlinks as she weaves her energy into the fabric of the World Angel Grid that helps people stop worshipping the opinions of others as she restores our faith in the Divine and in ourselves..
- vi) We have just anchored Angel Faith's energy and healing gift into the fabric of the World Angel Grid.

f) Cassiel

- i) Next, send an angelic heartlink from your heart to Angel Cassiel's heart.
- ii) As Angel Cassiel enters our heartbeat she brings with her the healing gift that helps us heal the effects of heartache, emptiness, longing, grief, and sadness, which can result from abandonment, loss, and betrayal. She gives us hope and helps us to trust in love again.
- iii) As Angel Cassiel's energy intensifies in our heartbeat (and the heartbeams being created simultaneously around the world) send special human heartlinks to all of the other heartbeams worldwide.
- iv) Now, open your heart and let in the thousand of special human heartlinks that are being beamed to you from Master-Instructors around the world. [Pause].
- v) Now feel the power as angel Cassiel's energy moves over the special human heartlinks as she weaves her energy into the fabric of the World Angel Grid that helps people heal their heartache and betrayals as she opens their hearts to give and receive unconditional love.
- vi) We have just anchored Angel Cassiel's energy and healing gift into the fabric of the World Angel Grid.

g) Daniel

- i) Next, send an angelic heartlink from your heart to Angel Daniel's heart.
- ii) As Angel Daniel enters our heartbeat he brings with him the healing gift that helps us to release energies of anger, resentment, and bitterness that result from our judgments. He also helps us to evolve to a state where we do not judge. His gift is the energy of true forgiveness.
- iii) As Angel Daniel's energy intensifies in our heartbeat (and the heartbeams being created simultaneously around the world) send special human heartlinks to all of the other heartbeams worldwide.

- iv) Now, open your heart and let in the thousand of special human heartlinks that are being beamed to you from Master-Instructors around the world. [Pause].

- 5) **Experience the gift of healing:** Now that the angels have used our energy fields to weave a web of love around the planet, let us each receive a gift of healing from the angels. Simply relax in the power and presence of the angels in your life right now and give the angels permission to clear from your energy field whatever needs to be cleared at this time. You don't even need to think about it, as the angels know exactly what you need to heal.
- 6) **Give the Gift of love:** Now invite the angels to help you bring your special gifts of love into the world even more powerfully than you have ever been able to do before. Consciously send your gifts of thoughtfulness, caring, kindness, support, healing, wisdom, friendship, generosity and more into the web and to all of the other Master-Instructors who you are connected to. Now become aware of the special gifts of love that are being beamed to you from all of the IET Master-Instructors worldwide. Relax and take in the gifts of love and let them nourish you and further expand your ability to receive.
- 7) **Surrender** – Let go of control of this process and simply exist in the present moment in a state of complete surrender. Let go and let God. In other words – thy will be done. [pause]....
- 8) **Closing:** Our Anchoring the World Angel Grid process is now completed. We have truly WAGGED the World today. The angels and I thank you for your participation and your wonderful contributions today. We have helped them accomplish their goal. The Grid is now anchored to the Earth – and connected to the Heartbeams worldwide.
