## *Healing the World One-Heart-At-A-Time*

When Stevan began teaching IET® in 1994, he asked the angels to help spread IET beyond its origins in New Jersey to New York, or even New England. The angels have done this and more. Today there are IET students in 55 countries including Austria, Belarus, Estonia, Singapore, Suriname, and Trinidad. We are truly honored and blessed by what the angels (and IET Master-Instructor Earth Angels) have done.

IET® continued to grow at a wonderful rate in 2008. We now have over 2,100 Integrated Energy Therapy® Master-Instructors who have taught more than 8,250 IET classes that have been held in over 25 countries with over 32,000 Basic, Intermediate, Advanced, and Master-Instructor IET students taught.

## *Integrated Energy Therapy® News*

### *Together We Have WAGGED The World!*

We have successfully completed the four phases of the World Angel Grid (WAG). Thousands of IET students world-wide joined in this historic event. As you can read in Ariel's Message on page 2, our WAG energy has begun to tip the scales in our world from fear to love! Now, Angel Ariel invites us to awaken the Heartseeds of Compassion, practice Homecoming, and continue to help the angels heal the world one-heart-at-a-time.

### *Angel Ariel Spreads her Wings and her Message*

Originally published in 1997, Angel Ariel's *Interview with an Angel* is now in its 8th Random House Dell Books printing. Furthermore, Random House has just informed us that they are making *Interview with an Angel* available as an e-book to help spread Angel Ariel's message even further. *Interview with an Angel* has also been published in Brazil (in Portuguese), Italy (in Italian), and Australia (in English). When an angel speaks, people listen!

### *IET for Pets Home Study Course*

In addition to the traditional 1-day IET for Pets classes taught by certified IET Master-Instructors, we are currently working on an IET for Pets Home Study Course that will be available this summer to any IET student who has completed the Basic Level IET class. Please see page 5 for details.

### *New IET Class Agendas*

Modeled after the weekend and extended-weekend class agendas developed by Stevan Thayer when he taught IET classes at the Omega Institute and the Kripalu Center, we are pleased to introduce a "Unified" IET Basic + Healing Angels weekend class agenda, as well as an "Intensive" Basic + Intermediate + Advanced extended weekend class agenda. Both are designed to provide students with complete trainings and deeper experiences, in a weekend format. Now Master-Instructors can offer IET classes using our traditional 1-day class agendas or our new class agendas. Please see page 4 for details.

## Messages From Angel Ariel

During the last year, Stevan has channeled three messages from Angel Ariel about the current state of our world. We have excerpted the highlights of her messages below. You can read the complete text of Angel Ariel's messages on our website at [www.LearnIET.com/messages\\_from\\_ariel.htm](http://www.LearnIET.com/messages_from_ariel.htm).

**The Earth's Transformational Shift - Part 1:** A message from Angel Ariel channeled on March 11, 2008 by Stevan J. Thayer. "Your world is in a time of rapid change in which the veils that separate the human from the angelic realms continue to grow thinner. This thinning of the veils is increasing the Angelic vibration and creating a polarization of energies in your world. This polarization moves people into resonance either with fear or with love. Ultimately love will prevail. Why is this happening now? The answer is because you are ready. Fear is manifesting itself with great intensity in many forms including war, genocide, terrorism, insurgency, and civil conflicts. Love is manifesting itself with equally great intensity, but not yet in equally great numbers in your world. But numbers are not important. Only the power of love being brought through is. As the force of fear moves through your world, you will find that rapid change will occur, leading to instability. It will at times appear that

there is no firm place for you to stand. The energy of love is rock solid. It is eternal and unchangeable. It is always available. It is your foundation when things around you are in transition. Invite us to lift the burden of fear from you. Invite us to help you remember who you truly are – love incarnate in the world."

**The Earth's Transformational Shift - Part 2:** A message from Angel Ariel channeled on June 10, 2008 by Stevan J. Thayer. "As the energy of the transformational shift continues, those who answer our call, and are drawn by the ever increasing vibration of love, will find themselves experiencing longer and longer periods of deep calm, peace, joy, and love, the likes of which they have never experienced before. As this happens, they may also find that they experience unexpected episodes of fear that seem to arise out of nowhere. This fear may take the form of unease, nervousness, or anxiety about the future. It may even manifest as increased levels of stress, feelings of helplessness, even hopelessness. If you are having any of these experiences then rest assured that you are caught up in the fire of the shift, the fire of transformation, and the energy of the transformational shift is carrying you like a wave and will bring you back into peace, harmony, joy, and ease."

**Homecoming:** By Angel Ariel, Channeled on 1-1-09 by Stevan J. Thayer "Every human being is driven by a deep inner longing to live their life's essential action, fulfill their soul's mission, and be who they were created to be. When a person's energy field vibrates with the vibration of love, they discover (Envision) their Divine Energetic Potential, claim (Embrace) it through self-will, and ultimately bring (Enact) their sacred gifts of creativity, wisdom, healing, and service into the world as a wonderful expression of their soul's mission, causing them to live in the Dimension of Love. The Earth's Transformational Shift is aimed at ultimately having every human being live in the Dimension of Love. Yet, you currently see the opposite taking place in many instances. The cause for this incongruity is the energy of fear. When a person is infused with the vibration of fear, it is their Ego's need for more money, more status, more experiences, and more "things" to help them feel less fearful, that is Enacted in the world. All the while they ignore the negative effect that their actions have on themselves, your planet, the plants and animals you share your planet with, or even the well being of other people. While many people are living in the Dimension of Fear, other people are cycling between the Dimension of Fear and the Dimension of Love. These people have followed and practiced the gifts of healing that we have taught and are being transported into the Dimension of Love. And when the energy of fear brings them back into the Dimension of Fear, they bring themselves back into the Dimension of Love once again. Each time they spend a longer time in the Dimension of Love.

The scales are beginning to tip from fear to love and the fear created world, like a house of cards, is beginning to collapse, and a Homecoming, a return to the mission of your soul, is beginning to take place. Homecoming is built upon the activity of consciously aligning yourself with the increasing vibration of love by periodically turning your attention away from seeking worldly treasures and towards seeking the sacred treasures within. We invite you to set aside time every day to use your joy stone to bless everyone, awaken your Heartseeds of Compassion, heal your pain and suffering, and send the power of your compassion, through the World Angel Grid, to end all pain and all suffering everywhere. If at times you fall into fear, simply take a spiritual time out and practice Homecoming. As you spend time in Homecoming, you will experience increased synchronicity in your life, you will Enact your soul's mission, you will live increasingly in the present moment, you will see the sacred in the every day events of your life, and you will help us with our mission of healing the world one heart at a time, starting with yours."

## Coming Home in 2009 ....

I spent the first half of my life living in my brain and stuffing all of the traumatic feelings and memories of my life into my body. Needless to say if you had invited me back then to “go within” and find the treasures, I would have likely reacted with “Are you kidding? It’s an emotional toxic waste dump in there! I’m doing everything I can to avoid it.” Today, thanks to the angelic healing gifts of IET, my inner emotional toxic waste dump has been mostly cleared and I not only enjoy practicing Homecoming but I find that it is a favorite part of my day. Whenever fearful events in the world cause me to enter into fear and doubt, I take a spiritual time out as Angel Ariel suggests, and I awaken the energy of Compassion and practice Homecoming. It is like when I laid on my blanket, and had milk and cookies as a child. I feel safe, nurtured, and loved. Please join with me and take spiritual time outs this year and not only will we feel safe, nurtured, and loved, but together we will bring positive change to our world.

My desire for 2009 is to simplify my life. My hope is that “as within, so without” and as I begin to simplify my life, the world will begin to do the same. As a world, we have increased complexity and consumption to the point where we need to take a hard look at what is meant by “enough”. As I’ve gotten older, my definition of “enough” has changed (as I’m sure it has for others), and it’s time to take a look at that. I would like to live my life with “enough” rather than “more” in 2009. So, I wish you “enough” in your lives as well – enough joy, health, prosperity, and enough in all areas of your life.

For the most part, I feel excitement and wonder when I think of 2009. I say this because the level of fear present in 2008, at times, was a challenge for me. I have had many examples in my life of how the angels have been there for me creating wonderful perfectly timed opportunities. Remembering these perfect opportunities when I am challenged by fear happens best in meditation. Quieting my mind through meditation and connecting with my angels on a daily basis helps me stay balanced and focused on what is important to me. We all know the energy of fear is contagious, but we also know through our personal relationship with IET and our angels that the energy of love is even more powerful. Meditation is a very important part of “remembering and connecting” with the energy of love. I wish you the very best in 2009 and I thank you all for being a part of my journey.

Homecoming is about being at home within myself. It is me, being and living from my soul’s essence and carrying this feeling of wholeness and fullness into all the aspects of my life. It is me being a mother the way I express motherhood. It is me being a teacher the way I express being a teacher. It is me being a friend the way I express being a friend. When I express myself this way, I am so alive; and that joy and passion gets carried into all that I do and excites others to live from their soul’s essence. This way we encourage each other with joy, compassion and unity, creating the heartbeat and rhythm of our earth. Blessings for a warm, joy-filled and alive 2009 that beats with creativity, courage, laughter and trust all flowing from each of us to one another on that highway of compassion we created during the fourth phase of the World Angel Grid.

## Finding New Ways To Support Our IET Community

### Introducing New Agendas That Enhance Our Current IET Classes

(Masters can find the full agendas for these classes in the For Instructors Only section of our website.)

#### Unified Basic Level + Healing Angels Weekend Class

The objective of this unified class is to provide a two-day training in which students learn how to personally connect with the Healing Angels of the Energy Field and direct their energy into the nine IET cellular memory areas for healing. Students of the individual Basic and Healing Angels classes say that the new unified program provided them with a deeper, more powerful experience than the individual classes did. Graduates of the unified class receive IET Basic and Healing Angels Certificates.

**Suggested US price: \$260.00**  
(a 10% savings off individual classes)

#### Intensive Basic + Intermediate + Advanced Extended Weekend Class

The objective of this intensive class is to allow students to complete a full three level IET training class in one extended weekend. Since all students attend all three levels taught consecutively, an accelerated training agenda can be used, and the class can be offered starting early on a Friday evening and ending on the following Sunday evening. Graduates of the intensive class receive IET Basic, Intermediate, and Advanced Level Certificates.

**Suggested US price: \$560.00**  
(a 10% savings off individual classes)

## IET Retreats for Master-Instructors and IET Festivals of Angelic Light and Special Events for all IET Students

**Supporting Masters:** In 1999, in an effort to support Master-Instructors both in creating community and sharing new IET techniques, we held our first IET Master-Instructor Retreat, a 1-day event, in NY State. Since that time the IET Master-Instructor community has expanded worldwide and in an effort to support as many Masters as we can, we have held 19 more MI Retreats over the past 8 years. We have varied the length, cost, agenda, location, and frequency of the retreats. We have held 1-day retreats as well as 2.5-day retreats. We have also tried holding retreats in one, two, five, and six locations a year, as well as one, two, and three countries a year. When we look at the data, we find that we can reach the largest number of IET Master-Instructors, and provide the most support, by offering 1-day retreats, in up to 6 locations in 3 countries, every other year, so our next MI Retreats will be held in 2010. See you there!

**Supporting all IET Students:** Over the past years we have introduced "IET Special Events" like IET Energy Shares, WAG Parties, Blessing Bowl ceremonies, and special Steps to Transformation days, that are being offered by many area Master-Instructors to their local IET communities. Hundreds of these Special IET Events have been hosted to date with very positive results. This year we plan to expand this further by helping Master-Instructors offer special "IET Festival of Angelic Light" days, open to all IET students, and filled with IET energy techniques, sharing, and healing. We have even introduced an "IET Special Events" page on our website to help Masters publicize their special events.

#### The Masters Matters Newsletter

In 2008 we introduced a new electronic newsletter for Master-Instructors called "Masters Matters". Published twice a year, it features articles on new IET techniques (like the Blessing Bowl Process), applying IET to special situations (like working with babies or couples), and special insights from Angel Ariel. Masters are encouraged to share what they learn from Masters Matters with their students. Masters can find past issues of Masters Matters in the For Instructors Only section of our website. If you are a Master and did not receive our Masters Matters newsletter please send us your current email address.

#### Most Active Teachers Conference Calls

In 2008 we also introduced new quarterly conference calls with our "Most Active" IET teachers. We held separate calls for the US, Canada, and Europe. We identified the most active teachers in each of these three regions and invited them to participate. During these calls, the IET Trainers shared their insights on new IET techniques and on problem solving. Participants shared their miracles and challenges, and we used WAG techniques to direct the group's healing energy individually to each person. It has been a wonderful success and will be continued in 2009 with the current list of most active IET teachers.

## Coming Soon: Our New IET for Pets Home Study Course!

In 2002 we introduced our IET for Pets Class to support Basic Level IET students who wanted to know how to adapt their IET skills to work on cats, dogs, and horses. The IET for Pets class has been very well received by those students who have attended it, and many pets have benefited from the IET sessions they have received. Unfortunately, while IET Master-Instructors teach over a thousand Basic, Intermediate, and Advanced IET classes each year, there have been less than 50 IET for Pets classes taught annually. This has resulted in an ever increasing number of emails from IET students who are frustrated that they cannot find an IET for Pets class being taught in their area. We are therefore offering the IET for Pets class as a home study course to all IET students who have taken at least the Basic Level IET Class. Note: This is the only IET class we will offer as a home study course as it does not require any additional attainments beyond the Basic Level attainment.

**Price \$65** - includes guide book, 3 audio CDs, and Certificate.  
(Note: CE hours are not available for this home study course).

You can pre-order your IET for Pets Home Study Course now and receive it (with free shipping) when it becomes available starting this summer 2009. It will include an *IET Guide for Working with Pets* and a Certificate, as well as a 3 audio CD set by IET Trainer Stevan Thayer covering the soul's mission of these pets, their cellular memory areas, the location of their Integration points, and a home practice session for each pet.

## Announcing IET's Top 28 Instructors of 2008

Our IET community has grown to over 32,000 Basic, Intermediate, Advanced, and Master-Instructor students. This rapid growth in the size of the worldwide IET classroom is due to the loving work of the hundreds of IET Master-Instructors who have responded to their heart's desire to teach, have faced their fears and, with the help of their angels, taught IET classes. In 2008, 233 Master-Instructors taught one or more IET classes. Collectively they taught just over 1,100 Basic, Intermediate, and Advanced Classes, and just over 3,600 students. The largest class had 22 students and there were many 1-student "private" classes. The average class size was 3 students. We offer our profound gratitude to all IET Master-Instructors who have taught IET to one or to one hundred students. It is through their loving work that we are fulfilling the angels' mission of healing the world one-heart-at-a-time.

The Top 28 IET Instructors for 2008 are the Master-Instructors who, based on the class lists we have received, have taught the largest number of Basic, Intermediate, and Advanced IET students over the period December 1, 2007 to December 1, 2008. Instructors teaching classes together were counted as one (hence there are 29 names listed below). Collectively, these Top Instructors taught over 1750 IET students during this time period. In addition to having their names listed alphabetically below, they will be able to list their 2009 IET classes on our website, receive a special "Top 28 Instructors of 2008" certificate from The Center of Being, and will be honored on our [www.LearnIET.com](http://www.LearnIET.com) website.

## When It Hurts – IET Can Help You Self-Heal

### 2009 Integrated Energy Therapy® Master-Instructor Class Schedule

How often have you experienced a sudden unexpected downturn in physical, emotional, or mental wellness? One of the greatest gifts of IET is that it empowers you to work on yourself to direct the power of angelic energy to bring and keep you on the upward path. In addition, whenever you direct IET, either through client sessions or teaching classes to support others, your personal spiritual self-healing journey is accelerated.

Our IET Master-Instructor class takes the power of IET to its ultimate level. Our program lets you immerse yourself in all the IET energy rays, which optimizes your 12-strand DNA, and helps you reach for the stars in your own life. Saturday's agenda is focused on using sacred geometry to harness the IET energy rays as you work directly with the 12-Strand DNA for your self-healing as well as for supporting others. You will learn the 12-Strand Alignment Technique, the IET Powerburst Technique, the I-Chi Technique, the Karma Clearing Technique, and more. Sunday's Agenda is focused on DNA techniques for attuning IET students and teaching Basic, Intermediate, Advanced, Pets, Kids, and Healing Angels IET classes.
