Let Unity Move You Through Adversity

**A message from Angel Ariel
Channeled by Stevan J. Thayer**

Over the past several months The Center of Being has received emails from IET students who have been undergoing negative experiences like being laid off or being faced with a serious medical challenge. They want to know why this is happening and whether there is a process in IET to help alleviate and overcome these events. I asked Angel Ariel to share her wisdom with us to help guide us through these adverse life situations. Here is an overview of what she said. For a complete transcript of Angel Ariel's message please click [here](#).

While adversity in life is never a pleasant experience, there is always a spiritual gift contained within it. Please know that you will never encounter an adverse situation in your life unless you are physically, mentally, emotionally and spiritually ready to move through it and grow spiritually from it.

One of the spiritual gifts that an adverse situation contains is that it helps you shift your focus from the outer world around you to the inner world within you ...

you are drawn into the present moment of time ... your true point of power and opportunity for healing and spiritual growth.

A traumatic adverse event can be a powerful stimulus to your spiritual growth ... it allows your Soul to become more dominant in your consciousness ... you are more likely to reach out in prayer for help and support.

You can maximize your spiritual growth during times of adversity by aligning with the energy of the Unity Wave that began to flood your world when the Unity Shift Portal opened on your date of 11:11:11. You can shift your focus inward and powerfully align with the energy of the Unity Wave by practicing the Homecoming, Unity In Action and the Ascension processes (Steps to Transformation 11, 12 and 13.) These processes will strengthen your inner connection, increase your unity with all life and open your heart (and your life) to the blessings, healing power, and wonderful possibilities that the angels can bring into your life.

When you focus within, you are in essence practicing Spiritual Surrender ... that can result in divine inspiration and wonderful synchronistic events that will guide your outer world activities.

While you may experience yourself as an individual human being who is separate from the billions of human beings around you, from an angelic perspective all human beings are so interconnected that we can say that there is one "human being" that is living through many "human forms." You can embrace this unity by expanding your focus from "you and your problems" to "all people who have the same problem." Then simply surrender and feel the joy that embracing this unity brings you. Feel the power that your heart felt connection with life opens you to receive.

The IET Practitioner's Section of our LearnIET.com Website

We recently introduced a new section on our website devoted to supporting IET practitioners. We have included the information that many IET practitioners have requested, as well as information that we feel would be beneficial. We hope you enjoy this new section and we welcome your comments and requests for additional practitioner oriented information to be posted in this section of our website.

Here is a sample of what our new Practitioner's section contains. Click on any topic to see the information provided on our website.

If you are an IET practitioner, we request that you read and set your angelic intention of agreement with our [IET Practitioner Code of Ethics](#).

This is a [consent form](#) which can be used by the Practitioner with their client before starting to work together.

This is information that can be used either by itself or as part of a brochure to [explain Integrated Energy Therapy sessions](#) to the client (expectations, etc). You can also download our preformatted [IET Brochure](#) that you can customize (you will need to unzip the brochure file).

Read about [taking IET to Expos](#), with advice and experiences shared by IET Trainer Michelle McCarthy.
