From a Master Instructor in the Netherlands

What I find one of the most special qualities of IET is that it puts things in motion in a great way.

At the time I started the IET course, I was fairly new at healing work. I had done some Reiki and some massage. I wanted to start my own healing practice at home, but did not know how or what and where to start. The IET course was on Friday, Saturday and Sunday. On the second day of the IET course, the Saturday, right before I left home I was literally jumping up and down of excitement.
