[IET, The Ascension Process and the Merkaba](#)
By Leon Pelletier

The Merkaba is the 'vehicle' that makes it possible for us to maintain our memory/consciousness from lifetime to lifetime. It is a field of energy in the nature of consciousness ... a living entity that can be a fractal expression of the Divine that has the potential to tap into the limitless energy that pervades our universe. IET offers us methods to fully activate the 'vehicle' (Merkaba) of our Divine essence/consciousness. I believe that the IET Ascension Process, Step 13 in the IET Steps to Transformation, in itself has the potential to activate the field of the Merkaba.
