Set Your Energetic Vision for the New Year

As the new year begins, I love to set my energetic vision for the new year by creating my own personal vision board. This provides my angels with an energetic roadmap of the types of people, places, settings, situations and things that I would like them to work behind the scenes to help me connect with in the upcoming year. It also opens my energy channels to allow me to openheartedly receive them when they show up in my life so that I do not ignore them or push them away.

A vision board is a simple visual arrangement of images and words that touch your heart and move your soul. The elements of your vision board represent the vibration of what you would like to have in your life in this upcoming year. They do not have to be the exact images of the what you desire, rather, they are images that have the same vibrationally quality. These images can represent what would fill our heart with happiness and joy if they were to materialize in your life this year.

Creating a vision board is a powerful process for all IET students of any level of training, but it is especially powerful for students who have completed the Advanced Level IET Training. The Advanced Level IET attunement powerfully connects the student's energy field to their Soul Star (their 8th Chakra) and opens them to the energy of their Soul's Mission. When an Advanced Level student creates a vision board they not only create their energetic vision at a personal level but also at a soul level, which adds an even deeper dimension to the energetic vision they create.

No matter what levels of IET training you have completed, I recommend that as this new year begins, that you set your own energetic vision by creating your own personal vision board.

Testimonials

Last year I had a student, a pregnant woman who attended the Basic IET class and her plan was to learn at least the Intermediate level as well before she gives birth. She passed not only the Intermediate level but also the Advanced level class just 2 weeks before she gave birth. During childbirth contractions she asked my help in an sms. I sent IET energy and asked her groupmates to help her, so we all heartlinked to her. She felt it and it was a great help according to her. Now she has a 5 month old boy, wonderful, healthy, calm and happy.
