How to Teach

This is an enjoyable one-day class spent reviewing how to teach the most popular IET classes.

Thoughts From The Center of Being

Take a leap of faith, push through your self-limiting beliefs and teach your first IET class!! Are you feeling guided to teach? Is fear holding you back? Where do you begin?

Written by Barbara Stepniak

When I taught my first IET Basic level class, I was nervous, but knew I wanted to push through all my self-limiting thoughts and just do it. I identified the steps to take, and thought that if I broke it down into smaller steps and focused on achieving each one, it would make it easier for me. And it did! I'd like to share my steps with you, hoping it will make it easier for you too. I'd love to hear more about any experiences you've had or would like to share at barbarastepniak@LearnIET.com.

A special prayer from Angel Ariel:

You exist in a universe fabricated by the vibration of love. You yourself are fabricated from the very vibration of love. If you are seeking love and not finding it, then seek within, and when you find love, share it with everyone.

A personal Message from Angel Ariel:

"Love is the substance of this universe."
