Step 4: Achieving True Forgiveness

The Forgiveness Process was introduced and recorded live at the Master-Instructor Retreat 2002. Anyone listening to this CD can work through the forgiveness process for self and others. Welcome forgiveness into your life!

Step 5: Empowered Heart - Essential Action

The Empowered Heart is the result of the energetic union of the heart and power centers. When we live our lives from the empowered heart energy we automatically express our true essence into the world in service to others. Recorded at the 2003 IET M-I Retreat, this 1-hour audio program leads you through the new Empowered Heart process and helps you discover your life's Essential Action.

Step 6: Future Life Progression

You have heard about past life regressions in which you take a guided journey back into one of your past lifetimes to heal a karmic issue. Through our 1-hour audio program, you can let Stevan guide you forward with the help of your angels and soul council to a future lifetime in which you are successful in mastering all your lessons and living your true life's purpose.. Best if listened to after the Empowered Heart program.

"Power Steps"

It is recommended that you listen to the complete individual step programs before you listen to this program.

Steps 8 thru 10: World Angel Grid - Phases 1, 2, 3 & 4

The Angels have asked us to work with them to create a worldwide grid of angelic energy – a World Angel Grid. In Phase 1, Stevan leads you through a process in which we first establish heartbeams as Earth Anchor Points around the world. and then work together with the Healing Angels to weave a 9 layer grid of angelic energy. In Phase 2, Stevan leads you through a process in which you synchronize with the World Angel Grid anchored in Phase 1 and systematically clear resistance to love and imprint empowerment in yourself and in people worldwide. In Phase 3 we add a layer of Pure Joy with the help of the Cherubs. And in Phase 4, you will learn the new Angel Wash process, experience Angel Ariel's HeartSeed process, and let compassion bloom brilliantly in your life.

Step 11: Homecoming - Journey to Unity

In this program your personal angel guide will help you to discover your special healing and empowerment Heartlight colors, and then work with you to create a safe and powerful inner sanctuary. This audio program was recorded live at the 2010 MI Retreat.

Step 12: Unity in Action - The Crystal Key

This program starts with Angel Ariel bringing in the 2012 Unity Shift, which moves you to the crystalline vibration. From there you will journey to the highest angelic realms where, working with the support of your personal angel, you will create your own personal crystal key which you will use to unlock your heart's code. Recorded live at the 2010 MI Retreat.

Step 13: The IET Ascension Process

Let Stevan guide you step by step in the creation of a new energy center within your body called a "Heart Star". Using vortex energy and sacred geometry, you will merge your Earth Star with your Soul Star to align your life with the energy of the Unity Wave and experience the energy of Ascension.

Step 14: Being Love, Living Love

Stevan guides you in anchoring your own personal angelic energy grid within your human energy field. Working within the power and safety of this angelic grid you will align your Heart Star with Unity, move your consciousness into deeper states of Being and experience Unity Shifts in Being Love.
